MANAGING BENEFITS WITH CONFIDENCE

A powerful HR and benefits platform doesn't have to be difficult to use. With ExponentHR's user friendly interface, you get easy access to all the benefits administration and open enrollment data you need, along with reporting that is intuitive, and a portal that's simple to navigate.

Our benefits engine helps you determine who's eligible and automatically connects to your carriers to submit elections. Loading documents into the system is fast and easy, and employees can use their mobile devices to view enrollment information, plan documents, and links to insurance carriers. All of this adds up to more efficient workflows, better use of data, and more satisfied and productive employees.

"ExponentHR is very organized when it comes to benefits management. They'll always tell you in advance about deadlines."

Jim Del Rosario, Chief People Officer, Pavilion Payments
